

Specialized Bibliographies Territorial Expansion

1. **Encyclopedia Americana.** 24 vols. International ed. New York : Grolier Educational, 2002.

R
031
ENC

Encyclopedia Americana offers in-depth treatment of many American history topics providing a factual picture of past and present for academic, public, and high school readers.

2. Schmidt, Thomas. **The saga of Lewis & Clark: into the uncharted West.** California : Tehabi Books, 1999.

917.804
SCH

This book follows Lewis and Clark from the inception of their expedition to their celebrated homecoming. The journals brought back by various members, excerpted here, present the first written account of the area west of the Mississippi, including the newly acquired Louisiana Purchase.

3. **The New York public library American history desk reference.** (New York Public Library Series). New York : MacMillan Publishing Company, 1997

This comprehensive-quick-answer guide on American history contains topical overviews, easy-reference timelines, and capsule biographies, as well as sidebars, maps, and illustrations of the major events and themes from the early migrations of native peoples to the present age.

4. Wexler, Alan. **Atlas of westward expansion.** Facts-On File. New York : Facts-On-File, 1995.

R
911.73
WEX

This atlas comprehensively traces the mass human migration across the continent and shows how America was shaped through the pioneer spirit. Text and maps tell the story of America's growth from 1754 to the early 1900s.

5. **Historical atlas of the United States.** Centennial edition. Washington, D.C. : National Geographic Society, 1994.

R

911.73

ATL

This atlas contains about 380 maps, 450 photographs, 80 graphs and 140,000 words of text. It was conceived as a reference tool for high-school teachers and college professors working outside their specialization, as well as for history students and the general public.

6. Ferrell, Robert H. **Atlas of American history.** 3rd ed. Facts-On-File. New York : Facts-On File, 1993.

R

911.73

FER

This reference book offers insightful facts on our geography, our politics, our economy, our social evolution and our wars, both foreign and domestic.

7. **Historians and the American West.** Edited by Michael P. Malone. Lincoln : University of Nebraska Press, 1983.

978

HIS

Eighteen historians survey the entire field: what has been done, how well it has been done, and what needs to be done.

7. **The Reader encyclopedia of the American West.** New York : Thomas Y. Crowell Co., 1977.

R

978

REA

This book contains 2,400 entries that provide a detailed examination of the people, places, institutions, and ideas that collectively define the American frontier experience. Numerous illustrations, photographs, engravings and maps complement the text.

8. **Annals of America.** 22 Vols. Chicago : Encyclopedia Britannica, 1976.

R

973

ANN

Annals of America is a compilation of primary source documents for the study of American History. These volumes are collections of the current writings by the people who were at the time in the forefront of these American events.

9. **Concise dictionary of American history.** Revised ed. New York : Charles Scribner's Sons, 1976.

R

973.03
